The Hon Tony Abbott MP
Leader of the Federal Opposition
Parliament House
Canberra ACT 2600

Dear Tony

I refer to my letter to the Prime Minister dated Friday 26 February 2010, a copy of which I am attaching.

Of course, Tony, the same thing applies to you and your Party. If you were to announce that you will commence a genuine inquiry into Australia's sustainable population levels, I believe you would enjoy wide support as a result.

Yours faithfully

Dick Smith.
